

**Playing Active Roles in
Real World Experiences**

Greetings from CELS Indonesia

CELS is known as an English training for employees and companies and has experience training ESL since 1997.

Our Learning Method

It is a combination of learning between online self-study and online or in-center live sessions methods, where students can study efficiently according to their level of ability

Our program

Business English combines General English with business situations, giving students the social and functional English they need to work, travel, and socialize

CEFR Level Aligned

The Common European Framework of Reference for Languages (CEFR) is an international standard for describing language skills in reading, writing, listening, and speaking.

At CELS, we use the CEFR during level checks and lessons to understand your current level of English.

Business English is a 6-level course that takes learners from Beginner to Upper-Advanced (A1 to C2).

Online or In-center class

Experience our Online live session or Offline session in our newly design office in Kuningan, South Jakarta
